

Solid Waste Fee Increase

NOTICE

Effective with March Billing

The City of Atchison Public Works department hauls residential household garbage, recyclables, yard clippings, and bulk items for City residents. Trash removal services will be applied on the monthly utility bills beginning with the March 2023 utility bills.

\$19.25 = NEW MONTHLY FEE

(Effective with March 2023 utility billing)

The solid waste fee is scheduled to increase as a result of the Atchison County ballot question repealing the 1993 1% countywide sales tax and replacing it with a ¾ cent countywide sales tax. After the new sales tax takes effect, the City of Atchison will no longer receive sales tax revenue derived from local purchases.

Prior to this ballot question, the City of Atchison used the proceeds from the 1% sales tax to fund the solid waste operation.

*Eligible low-income senior citizens may qualify for a reduced rate.
